INTELLIGENT SCREEN FILM CUTTER

Zero Stock of Applying Screen Protector
A Necessary Equipment For Intelligent stores

Material Loading Area

PRODUCT FEATURES

More than beauty， Better performance.

wide application

40000+Data

data real time update

System stability

Precise film cutting

Low noise

Light design

Built in HD screen

Simple operation

PRODUCT ADVANTAGES

Assist terminal marketing, enhance user

stickiness and improve conversion rate.

Zero Inventory， Zero Stock， Zero wastage

No need to stock various kinds of protective films

High Efficiency

Fast cutting in seconds, Precise，Fast.

low Cost

The investment cost is low, Fast profit and broad market.

Efficient marketing tool

Mobile phone shop, repair shop、Stalls and other scenes are applicable.

Many kinds of film cutting

The investment cost is low, Fast profit and broad market.

MANY KINDS OF FILM CUTTING

From smart phones， tablets， laptops， gaming controllers， airpods， watches， car touch screens, and many more， You can customize the perfect protection for your device anytime, anywhere.
